Exit and Full-and-Final Process (HR)

===== Resignation is submitted in the HR portal with notice per the employment terms. The checklist covers knowledge transfer, asset return, access revocation and clearance sign-offs from IT, Finance and Admin. The full-and-final settlement is processed within 45 days of the last working day and is blocked until the asset scan and access audit pass. Exit interviews feed the attrition review. Rehire eligibility is recorded on the file.
