

Travel and Expense Reimbursement

HR · classification: Internal

Travel and Expense Reimbursement (HR)

===== Business travel is booked through the travel portal in economy class; rail is preferred under the distance threshold. Expenses are claimed within 30 days with digital receipts attached; alcohol and personal entertainment are not reimbursable. Per-diem applies on overnight trips instead of itemised meals. Claims route to the line manager and then Finance; out-of-policy claims need pre-approval and are flagged in the audit register.
